SUCCESS

That man was a success
Who lived well, laughed often and loved
much;
Who gained the respect of intelligent
men and the love of children;
Who filled his niche
And accomplished his task;
Who left the world better
Than he found it, whether by an improved
poppy,
A perfect poem or a rescued soul;

Who never lacked appreciation
Of earth's beauty or failed to express it;
Who looked for the best in others
And gave the best he had.

LEO F. KEEFE

Another school year began at Rutland High School in September, 1981 just as school years have begun for seemingly endless generations. Yet to many the re-enactment of this eager, excited ritual of youth seemed incongruous in the absence of Leo Keefe, who had so long seemed to exemplify all that was vital and alive in Rutland High School.

For me Leo symbolized the spirit of commitment to re-newal and re-engagement. Each September Leo's eyes always looked forward eagerly to "prospects". **Prospect** means to look forward. The year before, Leo may have shared the pleasures of victory or the disappointments of defeat, but September meant looking ahead, to new **pro-spects**.

When things did not go well, Leo was always ready to remind us that "tomorrow is another day." In our years he was a coach to coaches as well as to players.

Perhaps, then, it should not seem so unusual that new year should retain the eager excitement of challenge, for Leo's memory reminds us to look forward.
Joseph V. Teta

It is most fitting that the 1982 TALISMAN be dedicated to Mr. Leo "Bundsie" Keefe. For over forty years Bundsie devoted his life to serving youth as a teacher and one of Vermont's most outstanding coaches. He had the opportunity to be a direct influence on hundreds of young men and women. For those of us who had the privilege of working with him, it is indeed a great honor to be able to say we enjoyed the experiences that we shared over the years.

Sincerely,

William H. Timbers

PRESIDENT'S MESSAGE

In our final year at Rutland High School, we can begin to reflect upon our past years as well as look ahead to what the future may hold for us.

We can look back on our first day of high school, experiencing the transition between junior high and what seemed to be the ultimate at the time, senior high.

We had our good times and bad times. We overcame the crisis of proposed budget cuts that would have eliminated some of the vital activities that often bring us closer together.

We proved to the people of the community that the class of '82 was something special, as we rolled over M.S.J. for the first time in eight long years. We experienced the feeling of success as we paraded down the streets of Rutland after the game. We were number one We **are** number one.

That was only one of many achievements of which we were a part as a class and as a school. And as a class, we have made our mark at Rutland High. Now it is time to proceed onward and upward. We have set high standards for ourselves and will always strive to succeed in whatever we do.

In behalf of the class of 1982, I would like to thank all our parents, teachers, and friends for the encouragement and support they have given us throughout the years, and in helping us to find the first pennacle.

In addition, I would also like to thank all the members of the class of 1982 for all the support and hard work in making this a great year, and as spokesman, I wish everyone the best of luck in future endeavors.

The high school years are like an era in time, an era in our lives that is now drawing to a close. But it is only the beginning.

Michael H. Spencer

The Raider girls basketball team had a successful season posting a 20-3 record. They shared the league title with rival Burr Burton.

Experience was the key as the Raiders showed early in the season that they would be a serious contender in both league play and in the State Tournament Competition.

Hard work and dedication proved that the Raiders could be a formidable opponent. That proved to be true as the team entered the tournament as one of the shortest teams. What they lacked in height, they made up for in hustle. The Raiders defeated Springfield and then turned in a great effort as they upset Champlain Valley Union. The season ended on a losing note as the team lost to the defending State Champions, South Burlington in the Semi-Finals. Despite the loss, the season was a great success.

LET US REMEMBER

KAREN WOOD

Let us keep forever the memories
of time gone by-
the fragmented mirror images
of our lives-

Forever locked away in a special
place of our hearts-
with these treasured tokens never
shall we part.

Let us be able to bring to mind-
a small fraction of our lives which
we have left behind.

Perhaps these memories shall
make us smile, or shed a tear-
but forever and ever,
let us hold them near.

Let us rejoice in our lives
we have shared as one-
a best friend, a favorite song,
a football game won.

Let us remember for each and every day-
the times we've had together-
the times that couldn't stay.

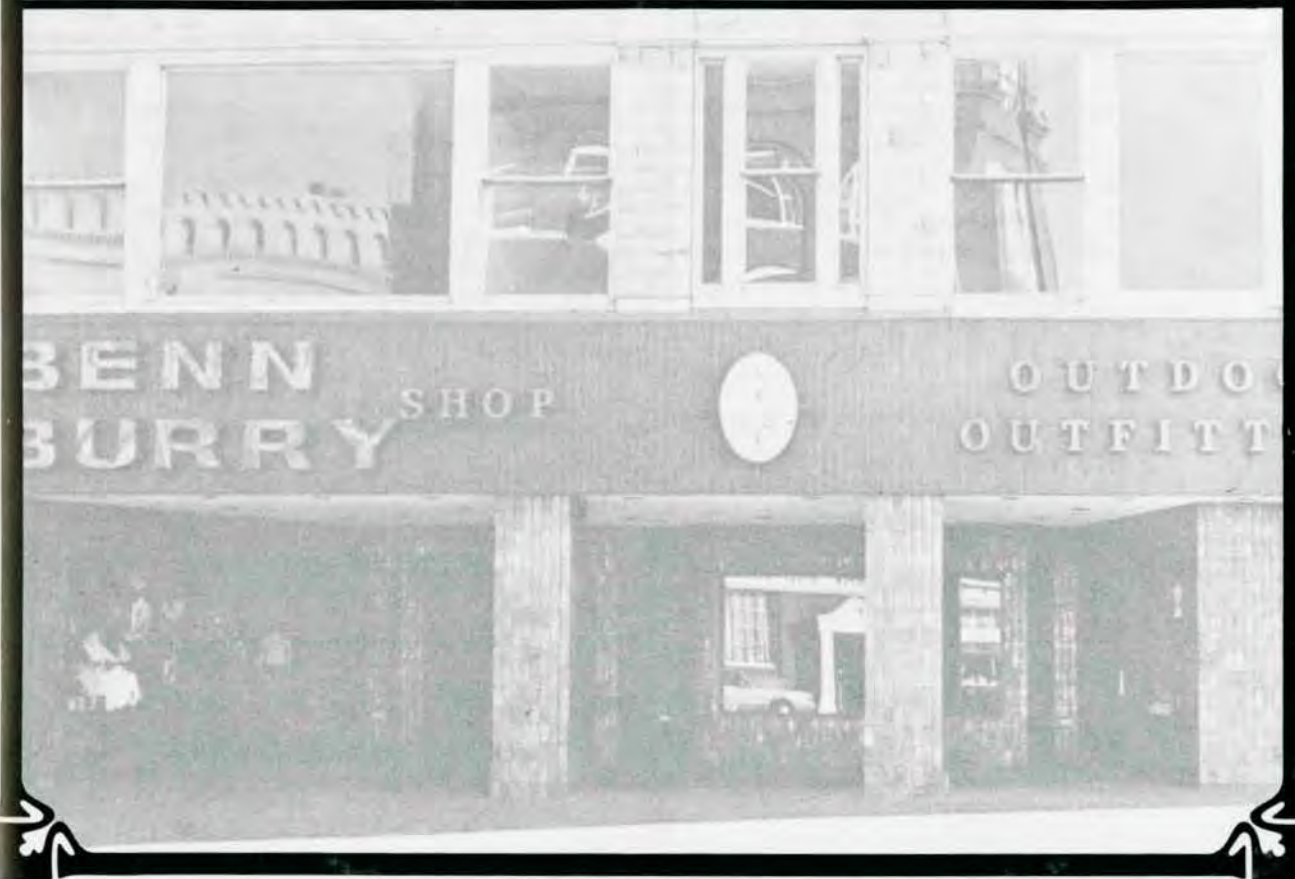

For today is for today,
but tomorrow is forever-
let us not forget
the times we've shared together.

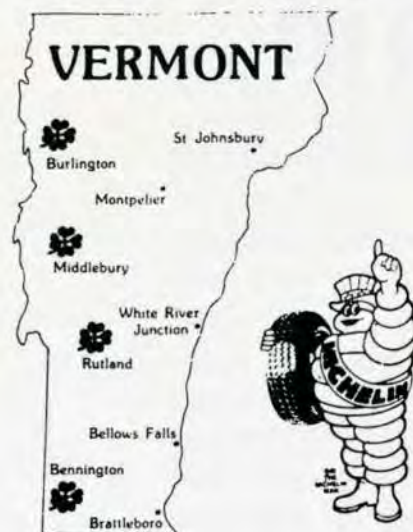

People you can turn to in Rutland.
